

So Christmas isn't what we were all hoping for but that doesn't mean we can't inject a little bit of festive joy into the days ahead.

Colour in one of the designs below - as brightly as you can - then cut it out and pop in your window so people can spot the colourful Christmas trees, stars or snowmen on their walks and be reminded that we are all in this together.

I wonder how many you will count?

And if you do have a penny to spare perhaps you could donate to one of the amazing charities working to help those less fortunate this Christmas.
